HOW TO USE THIS FRAMEWORK

There are two ways to use the framework; mini-competition or direct selection.

DIRECT SELECTION

Regulation 33 | Framework clause 5.2.1

With the direct selection method you may select the appointee ranked number 1. If that contractor declines the opportunity NFP approach contractor number 2 and so on. The following circumstances may also allow for a direct selection:

- An existing relationship with an appointee
- Where the Call Off has substantial similarities to a previous project the appointee was involved with.
- For reasons of urgency it is not reasonably practicable to award the Call Off Contract by way of a Mini-Competition.
- Capability Criteria determining that only one framework appointee is capable of carrying out the Call Off Contract

MINI COMPETITION

Regulation 33 | Framework clause 5.3

The mini-competition method lets you expand beyond the framework's original specification to meet your specific requirements. All the contractors on the relevant lot are invited to tender (where capable).

FRAMEWORK BENEFITS

There are a number of potential benefits that can be achieved from using this framework, namely:

- Economies of Scale
- Fully compliant with the Public Contracts Regulations 2015 - saving you valuable time and resources with greatly reduced procurement timescales.
- There is no need to advertise the requirements, and there are no minimum time periods within the process to which you must adhere.
- Simple Tendering Process - Mini competition can be drawn up specifically to client needs.
- Both Direct Selection or Mini Competition procedures are available to ensure that projects can get underway quickly and efficiently.
- Fully approved supplier network - assessed for their operational, financial, technical, professional conformance and capabilities.
- Pre-agreed terms and conditions are embedded into the Framework agreement.
- Established relationship with a selection of suppliers delivers improved service and responsiveness.
- Dedicated central point of contact.
- Support throughout the lifetime of your contract
